➤ *Swami Vivekananda Jayanti*

Sford kids celebrated the birthday of Swami Vivekananda. Students shared Vivekananda's famous quotations. It was followed by Prize Distribution Ceremony. Kids also enjoyed watching animated biography of Swami Vivekananda.

➤ *Republic Day*

Kids enjoyed the live telecast of national parade. They had recited the fundamental duties with full enthusiasm as an Indian. Pre primary kids celebrated the festival by discovering some rare bird species at 'Guda Bishnoi' lake.

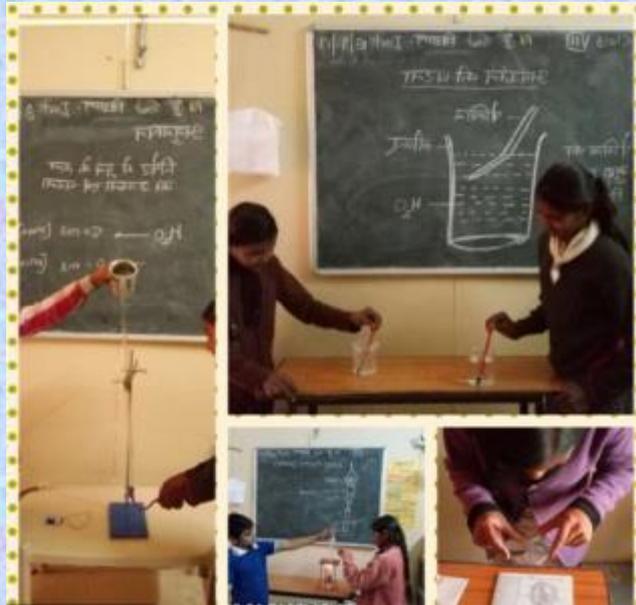

➤ *Kitaabo - The Blue City Children's Literature Festival*

Sford kids enthusiastically visited Kitaabo fest. They had an amazing experience especially at amphitheatre, storytelling Kathapur and 'Dhanak' film screening. Kids explored the vast range of books. They had spent quality time with Mr. Manish Mundra.

➤ *Science Experiments*

Kids discovered the scientific facts by experimenting in the Sford science laboratory. They learned the scientific logic by doing experiments.

➤ *Creative Poster Making*

Primary kids draw the concept learning in the form of posters. Colouring the ideas presents the outcomes of learning.

➤ Fun Learning

Fun learning starts with concept games, letter walk, audio visual projector teaching, mathematics laboratory and activity worksheets. Our kids participate in different fun learning activities with keen interest of learning something new. Visits at different places open the minds for new experiences.

➤ *Computer Training*

Kids gained knowledge of computer science by both theoretically and practically. Kids spend time in training to operate computer. They also learned the basics of computer in the fruitful sessions.
